

# MANJINDER SINGH

## Personal Info

Glasgow, United Kingdom | 07502393851 | [manjindermultani1998@gmail.com](mailto:manjindermultani1998@gmail.com)  
[linkedin.com/in/manjinder98](https://www.linkedin.com/in/manjinder98) | [github.com/manjinder98](https://github.com/manjinder98)

## Profile

A **self-motivated** student with a few years of experience in the **software development** field. I taught myself to code since the first year of High School through several **group** projects including **desktop** and **web** apps. Keen to secure a high functioning role by expressing potential **IT** skills learnt during the working career, which will provide opportunities for further **development** and **progression**.

## Work Experience

Weevo S.r.l. Castiglione delle Stiviere Italy	<b>Junior Back-End Web Developer</b> <ul style="list-style-type: none"><li>2-week internship in the <b>Web development</b> department of the company, working on <b>web applications</b> (landing pages) for clients' websites.</li><li>Effectively looked for intense projects to develop <b>programming</b> and <b>service</b> skills.</li><li><b>Back-End</b> Web development using <b>PHP</b> language, for creating <b>forms</b> connected to databases via <b>MySQL</b>.</li><li>Worked under the supervision of the <b>lead developer</b>, as part of a small team. Therefore, it was a great opportunity for sharpening working <b>skills</b> related to <b>time management</b> and <b>teamwork</b>.</li></ul>	01.2017 – 01.2017
C.e.d. S.r.l. Castiglione delle Stiviere Italy	<b>Junior Database Administrator</b> <ul style="list-style-type: none"><li>2-week internship in <b>data management</b> company.</li><li>Have gained some basic knowledge about the use of <b>databases</b> with the main appliance of <b>MySQL</b> and <b>phpMyAdmin</b> tools.</li><li>Access management, <b>software</b> installations, <b>hardware</b> issues and orders.</li><li>Training with <b>team</b> members.</li></ul>	01.2016 – 01.2016

## Education

University of Strathclyde Glasgow United Kingdom	<b>Software Engineering</b> <p>First-Year classes cover foundations of <b>programming</b> by learning <b>JAVA</b> and <b>Python</b> thorough the understanding of how <b>computer frameworks</b> work and develop. This facilitates the comprehension of the concept of <b>computation</b> along a broad knowledge of computer systems and organization.</p>	09.2018 – 07.2022
Institute of Higher Education Luigi Cerebotani Lonato del Garda Italy	<b>Information Technology</b> <p>Overall Grade: 91/100 - Diploma EQF Level 5 / SCQF Level 8</p> <p>This diploma assisted me with gaining an <b>advanced</b> knowledge of web programming languages starting from scratch until building my first professional <b>project</b>, that consisted into creating an <b>informational webpage</b>, regarding the topic of Deep Web, with a <b>web form</b> connected to a database using <b>MySQL</b> and <b>PHP</b>.</p>	09.2012 – 07.2017

# Skills

---

## IT/Technical Skills

- **Front-End** Web Development.
- **Back-End** Web Development.
- **Languages:** JavaScript, HTML5, CSS3, PHP, Java, Python.
- **Environments:** Notepad++, Eclipse, BlueJ, Brackets, Visual Studio Code.
- **Operating Systems:** Windows, Ubuntu Linux.
- **Database** Management: MySQL, phpMyAdmin, WAMP, XAMPP and HeidiSQL.
- Basic use of Google **Analytics** and **SEO** tools for **e-commerce** websites.
- Professional use of **CMS**, **Libraries** and **Front-End Frameworks:** WordPress and Bootstrap, jQuery.

## Key Skills

- **Keeping up to date:** my few professional experiences involved progressively about learning new **web technologies** which introduced a new way of enhancing **self-development** skills, to follow **fast-changing** trends inside the **web development** field.
- **Communication and Team-Work:** as being part of small **teams** throughout the internships, **communication** was fundamental to keep updating each other about the **developments** of the projects as well as it led to a great understanding between us and to manage loads of work during the day. All the tasks were assigned mostly through Trello **project management** application and it contributed to dividing **equally** each assignment to the group.
- **Time Management:** during the few internships, it was helpful to learn how to manage the **time** over the numerous projects handed over, in which there were **deadlines** that needed to be followed **strictly**. And this relevant skill developed the way of working quickly, but the most important improvement was to work with further **efficiency**.
- **Styling:** I am extremely **meticulous** about everything I work on. I make a heavy use of **documentation**, to understand better the code that I am writing and through others online **resources** (such as **Stack Overflow**). I test my code thoroughly before giving it to anybody else and this allowed me to gain a reputation for writing **high-quality** code which requires far less **debugging** than that produced by others.

## Achievements/Interests

---

### Class Representative

09.2016 – 07.2017

This **leadership** role allowed to grow my **self-confidence** and **communication** skills through the responsibility of presenting problems to Professors and to find out solutions that could contribute to the benefit of everyone.

### Interests

- Enjoying travelling and getting out of the **comfort zone** to adapt to any possible situation:
  - Spent one year abroad in **Germany** working part-time along with learning some basics of the language.
- Learning programming languages via **Code Academy**, **Udemy** and other web-based learning platforms.
- **Reading** newspapers and articles.
- **Volunteering** in temples:
  - **Central Gurdwara Singh Sabha Glasgow** 09.2018 – Present
  - **Gurudwara Singh Sabha Kalghidhar Sahib Ji Castiglione delle Stiviere** 09.2012 – 09.2017
